

**Barry L. Johnson, DDS, CDC, FAGD**  
**President**  
**HealthCare Insight**

Dr. Johnson is a founding partner of HCI and has served as CEO/President since January 2001. During this time, the company has experienced extensive development of applications and services as well as rapid professional staff expansion to support its phenomenal growth. His leadership and vision has helped to make HCI an industry and thought leader in health care fraud prevention and detection.

Before joining HCI, Dr. Johnson was Senior Vice President of Medicode, a health care software and database company. He is a coding and reimbursement expert and has over 22 years of experience in software and database development. He has authored 2 books and numerous articles on medical and dental coding and reimbursement issues and health care fraud prevention. Throughout his career at Medicode, Dr. Johnson held a several senior management positions where he oversaw the development and delivery of both payor and provider products and services.

Prior to working for Medicode, Dr. Johnson practiced dentistry for 20 years and held a variety of leadership positions in organized dentistry at local, state and national levels, including chairmanship of the insurance committee of his state dental society. While practicing dentistry Dr. Johnson served as a dental consultant and was also an Assistant Professor of Operative Dentistry at Loyola University School of Dentistry. Dr. Johnson is a Certified Dental Consultant and a Fellow of the Academy of General Dentistry. He earned his DDS from Northwestern University School of Dentistry and a B.S. from the University of Utah.
