

Jim McGowan

Medicare Diabetes Screening Project

Minnesota Director

Creating a 21st Century Intelligent
Health System in Missouri

Center for Health Transformation
Better health, lower cost

Key Recommendations

- *Heighten public and provider awareness of the importance of prevention and early detection of diabetes*
- *More effectively utilize existing resources, such as the Medicare Diabetes Screening benefit (annual diabetes screening for those at risk)*
- *Promote reimbursement for preventative and pre-diabetes care*

Creating a 21st Century Intelligent
Health System in Missouri

**A National Drive to
Find the Undiagnosed**

MedicareDiabetes

Screening Project

Center for Health Transformation
Better health, lower cost

Key Recommendations

- *Develop community-based programs modeled after components of the Diabetes Prevention Program (DPP)*
- *Encourage environmental change initiatives, such as walkable communities, accessibility to healthy food choices, etc.*
