Healthcare Practice Leader
Object Computing, Inc.

Creating a 21st Century Intelligent
Health System in Missouri

Center for Health Transformation
Better health, lower cost

Key Recommendations

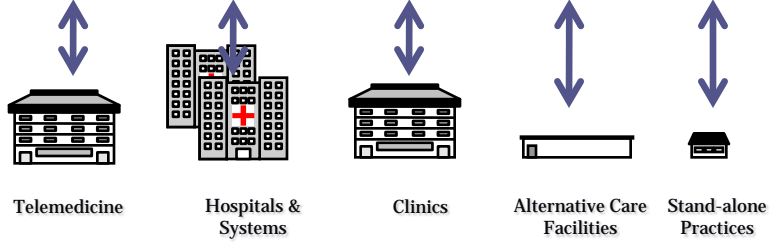

**Health Information Exchange
State Level Governance/Operations
with regional implementations**

(inclusive, dependable,
non-proprietary,
repeatable, low cost)

**Public Health
Agencies**

**Patient Health
Record Portal**

Start where benefits flow quickly to State programs (Medicaid)

Creating a 21st Century Intelligent Health System in Missouri

Center for Health Transformation
Better health, lower cost
