

Charles L. Stewart, DDS
Vice President of Dental Services
HealthCare Insight

Dr. Charles “Charlie” Stewart received his dental degree from the University of Louisville, completed a dental residency in Oral Medicine / Oral Pathology at Indiana University and a master’s degree at Temple University in Organizational Development. He was grant-funded by the National Institutes of Health. Dr. Stewart has taught at two dental schools, the University of Louisville and Emory University. In addition, he practiced dentistry in Kentucky and Georgia where he did general dentistry for medically compromised patients in a hospital environment.

Dr. Stewart left private practice and dental education after eleven years and entered the healthcare benefits industry. Prior to joining HCI, he had over 18 years experience working with companies such as Delta Dental, Prudential, CIGNA and Humana. Dr. Stewart has also extensive experience in private healthcare consulting in a number of venues.
